PROXY STATEMENT FOR 2013 ANNUAL MEETING OF SHAREHOLDERS

This Proxy Statement and the enclosed form of proxy are furnished in connection with the solicitation of proxies on behalf of the Board of Directors of Sovran Self Storage, Inc. (the “Company”) for the 2013 Annual Meeting of Shareholders (the “Annual Meeting”) to be held on Wednesday, May 22, 2013 at 9:00 a.m. (E.D.T.) at the Company’s headquarters, 6467 Main Street, Williamsville, New York 14221, and at any adjournment thereof, for the purposes set forth in the accompanying Notice of Annual Meeting of Shareholders. This Proxy Statement and the enclosed form of proxy are first being mailed to Shareholders on or about April 5, 2013.

Shareholders of record may vote by (i) attending the meeting and voting in person, (ii) using the toll-free telephone number shown on the proxy card, (iii) voting via the Internet at the address shown on the proxy card, or (iv) marking, dating, signing and returning the enclosed proxy card. Returning your completed proxy will not prevent you from voting in person at the meeting should you be present and wish to do so. The proxy may be revoked at any time before it is voted by delivering to the Secretary of the Company a written revocation or a duly executed proxy (including a telephone or Internet vote) as of a later date, or by attending the Annual Meeting and voting in person. Attendance at the Annual Meeting alone will not act to revoke a prior proxy.

The entire cost of preparing, assembling and mailing the proxy material will be borne by the Company. The Company will reimburse brokerage firms, banks and other securities custodians for their expenses in forwarding proxy materials to their principals. Solicitations other than by mail may be made by officers or by employees of the Company without additional compensation.

Only Shareholders of record at the close of business on March 20, 2013 are entitled to notice of and to vote at the Annual Meeting and at all adjournments thereof. At the close of business on March 20, 2013, there were issued and outstanding 31,049,265 shares of the Company’s common stock (“Common Stock”). Each share of Common Stock has one vote. A majority of shares entitled to vote at the Annual Meeting will constitute a quorum. If a share is represented for any purpose at the meeting, it is deemed to be present for all other purposes. Abstentions and shares held of record by a broker or its nominee (“Broker Shares”) that are voted on any matter are included in determining whether a quorum is present. Broker Shares that are not voted on any matter at the Annual Meeting will not be included in determining whether a quorum is present.

Note to Beneficial Owners. Under the rules of the New York Stock Exchange (“NYSE”), brokers or nominees have the authority to vote shares held for a beneficial owner on “routine” matters, such as the ratification of the selection of Company’s independent registered public accounting firm, without instructions from the beneficial owner of those shares. The election of directors and the non-binding vote on the compensation of the Company’s executive officers are considered “non-routine” matters. As a result, if a broker or nominee does not receive voting instructions from the beneficial owner of shares held by such broker or nominee, those shares will not be voted and will be considered broker non-votes with respect to those “non-routine” matters. Therefore, it is very important for beneficial owners holding shares in this manner to provide voting instructions to their broker or other nominee.

The Company has enclosed with this Proxy Statement a copy of the Company’s Annual Report on Form 10-K filed with the Securities and Exchange Commission for the year ended December 31, 2012, including the financial statements and schedules thereto.

Important Notice Regarding the Availability of Proxy Materials for the Shareholder Meeting to be held on May 22, 2013

PROPOSAL 1. ELECTION OF DIRECTORS

It is intended that the proxies solicited by the Board of Directors will, unless otherwise directed, be voted to elect the nominees for director named below. Our bylaws require that in an unconsented election the affirmative vote of a majority of the total of votes cast for or against, or withheld as to, a nominee at a meeting at which a quorum is present is necessary for the election of a director. For purposes of the election of directors, abstentions and broker non-votes, if any, will not be counted as votes cast and will have no effect on the result of the vote, although they will be considered present for the purpose of determining the presence of a quorum. The nominees proposed are all presently members of the Board of Directors.

Nominees for Election to the Board of Directors

The nominees named herein will hold office until the next succeeding Annual Meeting of Shareholders and until their successors are duly elected and qualified. In the event any nominee becomes unavailable to stand for election, it is intended that the persons named in the proxy may vote for a substitute who will be recommended by the Governance Committee of the Board of Directors subject to Board approval. The Board of Directors has no reason to believe that any of the nominees will be unable to serve as directors.

Set forth below is a brief description of the business experience during the last five years of each of our nominees for election as directors. This description also includes the principal occupation of, and directorships held, by each director for at least the past five years, as well as the specific experience, qualifications, attributes and skills that led to the conclusion that each director should serve as a member of the Board of Directors.

**THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR"
THE ELECTION OF THE NOMINEES NAMED ABOVE.**

Director Independence

The Board of Directors has reviewed all transactions or relationships between each director, director nominee, or any member of his or her immediate family and the Company, its senior management and its independent registered public accounting firm. There were no transactions, relationships or arrangements with any non-employee director or director nominee that were required to be disclosed pursuant to Item 404(a) of Regulation S-K under the Securities and Exchange Act of 1934 that the Board of Directors considered as part of such review. In determining independence of the directors, the Board of Directors did consider a certain facilities services agreement between a business owned by Charles E. Lannon and the Company involving payments of approximately \$12,000 per annum, which it did not regard as material or as affecting Mr. Lannon's independence. Based on this review and as required by the independence standards of the New York Stock Exchange ("NYSE"), the Board of Directors has affirmatively determined that Messrs. Gammie, Lannon, Boldt and Rusmisel are independent from management and its independent registered public accounting firm within the meaning of the NYSE listing standards and as defined in the rules and regulations of the Securities and Exchange Commission ("SEC").

Meetings Of The Board Of Directors And Board Committees

The Board of Directors held seven meetings during the fiscal year ended December 31, 2012. Each incumbent director attended at least 75% of the aggregate total number of meetings held by the Board of Directors and all committees on which he served. Our independent directors, being all of the members of our Board of Directors other than Messrs. Attea and Myszka, meet in executive session in conjunction with regularly scheduled meetings of the Board of Directors at least twice per year and on other occasions, as necessary, in accordance with the Company's Corporate Governance Principles. The Board of Directors has designated Anthony P. Gammie as lead independent director and as lead independent director he presides at executive sessions of the Company's independent directors and has the additional duties described below. The Company's policy is that all directors should attend the Annual Meeting of Shareholders absent a good reason. Three directors attended the 2012 Annual Meeting of Shareholders, and three directors were excused for good reason.

The Board of Directors has three committees with the principal functions described below. The charter of each committee is posted on the Company's website at www.sovranss.com. A copy of each charter is available in print to any shareholder upon request to the Company at 6467 Main Street, Williamsville, New York 14221, attention Andrew J. Gregoire, Secretary, or by telephone (716) 633-1850.

Audit Committee. The Audit Committee is composed of Messrs. Gammie, Lannon, Boldt and Rusmisel. Mr. Boldt serves as Chair. The Audit Committee is established to oversee the accounting and financial reporting processes and audits of the financial statements of the Company. The Audit Committee assists the Board of Directors in oversight of the quality and integrity of the Company's financial reports, the Company's compliance with legal and regulatory requirements, the assessment of independent registered public accounting firm's qualifications and independence and the performance of the Company's internal audit function, as well as accounting and reporting processes.

The Audit Committee is composed entirely of independent directors within the meaning of applicable NYSE listing standards and rules and regulations of the SEC. Each member must be "financially literate" under NYSE listing standards, or become financially literate within a reasonable period of time after appointment. The SEC has adopted rules to implement certain requirements of the Sarbanes-Oxley Act of 2002 pertaining to public company audit committees. One of the rules adopted by the SEC requires a company to disclose whether it has an "Audit Committee Financial Expert" serving on its audit committee. The Board of Directors has determined that all members of the Audit Committee are financially literate and that Audit Committee member James R. Boldt meets the definition of a "financial expert."

The Audit Committee's duties are set forth in its charter, which can be found on the Company's web site at www.sovranss.com. Additional information regarding the Audit Committee and the Company's independent

registered public accounting firm is disclosed in the Report of the Audit Committee below. The Audit Committee held five meetings during the fiscal year ended December 31, 2012. The Audit Committee meets regularly in private session with the Company's independent registered public accounting firm.

Compensation Committee. The Compensation Committee is composed of Messrs. Gammie, Boldt and Rusmisl, each of whom is independent within the meaning of applicable NYSE listing standards. Mr. Rusmisl serves as Chair. The Compensation Committee makes decisions with respect to compensation of the executive officers of the Company (the "Executive Officers"), reviews and recommends to the full Board of Directors director compensation levels and programs and administers the Company's 2005 Award and Option Plan.

The Compensation Committee met three times during 2012. Compensation Committee agendas are established by the Committee Chair, and the Compensation Committee meets in executive session only. Pursuant to its charter, the Compensation Committee has the authority to engage advisors, including compensation consultants, and the Compensation Committee has engaged Longnecker & Associates as an independent consultant to assist in evaluating compensation for the Executive Officers and executive compensation programs generally. The consultant reports directly to the Compensation Committee and does not perform services for management. However, on occasion, at the request and direction of the Compensation Committee, the consultant will review compensation levels recommended by the Executive Officers for other senior managers. The consultant advises the Compensation Committee with respect to compensation trends and best practices, plan design, reasonableness of individual compensation awards and general comparability with companies in the real estate investment trust ("REIT") industry. In accordance with the Compensation Committee's new policy on assessing advisor independence, the Compensation Committee has determined that there were no conflicts of interest or issues related to independence that would impact the advice to the Compensation Committee from Longnecker & Associates and the representatives of Longnecker & Associates who advise the Compensation Committee.

The Executive Officers do not participate in deliberations of the Compensation Committee. The Executive Officers, at the Compensation Committee's request, prepare performance and operational data and financial and other information to assist the Compensation Committee in reaching its compensation determinations.

The Compensation Committee's charter does not permit delegation of its responsibilities or authority to others. Accordingly, the Compensation Committee has not delegated any of its responsibilities.

The functions of the Compensation Committee are further described below under the caption "Executive Compensation" and in its charter, which can be found on the Company's web site at www.sovranss.com.

Governance Committee. The Governance Committee of the Board of Directors serves as the Company's nominating committee. The Governance Committee is composed of Messrs. Gammie, Lannon, Boldt and Rusmisl, each of whom is independent within the meaning of applicable NYSE listing standards. Mr. Lannon serves as Chair. The Governance Committee's functions are set forth in its charter, which can be found on the Company's website at www.sovranss.com, and include assisting the Board of Directors by identifying individuals qualified to become Board members and recommending director nominees for the annual meeting of shareholders, recommending to the Board the Corporate Governance Principles applicable to the Company, leading the Board of Directors in its annual review of the Board's performance, and recommending the Board of Directors' director nominees for each committee. The Governance Committee must annually review the adequacy of its charter and its own performance. The Governance Committee does not have an express policy with regard to consideration of director candidates recommended by shareholders, but it will consider director candidates proposed by shareholders in the same manner as it considers other candidates. The Board of Directors does not believe that it is necessary to have a policy regarding the consideration of director candidates recommended by shareholders due to the infrequency of such recommendations. In general, the Board of Directors and the Governance Committee believe that candidates must be highly qualified, exhibiting the

experience and expertise required of the Board of Directors' own pool of candidates and interest in the Company's businesses, and also the ability to attend and prepare for Board of Directors, committee and shareholder meetings. Any candidate must state in advance his or her willingness and interest in serving on the Board of Directors. Candidates should represent the interests of all shareholders and not those of a special interest group. A shareholder wishing to nominate a candidate should do so in accordance with the guidelines set forth below under the caption "Proposals of Shareholders for the 2014 Annual Meeting." Two meetings of the Governance Committee were held during 2012.

In identifying and evaluating the individual director nominees that it recommends to the Board of Directors, the Governance Committee utilizes the following process: (i) the Governance Committee reviews the qualifications of any candidates who have been properly recommended or nominated by the shareholders, as well as those candidates who have been identified by management, individual members of the Board of Directors or, if the Governance Committee determines, a search firm; (ii) the Governance Committee evaluates the performance and qualifications of individual members of the Board of Directors eligible for re-election; (iii) the Governance Committee considers the suitability of each candidate, including the current members of the Board of Directors, in light of the current size and composition of the Board of Directors; and (iv) the Governance Committee considers each individual candidate in the context of the current perceived needs of the Board of Directors as a whole. After such review and consideration, the Governance Committee recommends that the Board of Directors select the slate of director nominees. No third party fee was paid to assist in identifying or evaluating nominees during 2012.

While the Governance Committee does not have a written policy regarding diversity in identifying director candidates, the Governance Committee considers diversity in its search for the best candidates to serve on the Board of Directors. The Governance Committee looks to incorporate diversity into the Board of Directors through a number of demographics, skills, experiences (including operational experience), and viewpoints, all with a view to identify candidates that can assist the Board of Directors with its decision making. The Governance Committee places primary emphasis on (i) judgment, character, expertise, skills and knowledge useful to the oversight of the Company's business; (ii) diversity of viewpoints, backgrounds, experiences and other demographics; (iii) business or other relevant experience; and (iv) the extent to which the interplay of the nominee's expertise, skills, knowledge and experience with that of other members of the Board of Directors will build a board that is active, collegial and responsive to the needs of the Company. Nominees are not discriminated against on the basis of gender, race, religion, national origin, sexual orientation, disability or any other basis proscribed by law.

Corporate Governance

Corporate Governance Guidelines. The Board of Directors has adopted Corporate Governance Principles which comply with NYSE listing standards. These principles require, among other things, that a majority of directors on the Board of Directors meet the criteria for independence defined by the NYSE. The Company meets this independence standard. From time to time, the Board of Directors may revise the Corporate Governance Principles in response to changing regulatory requirements, evolving best practices and the concerns of the Company's shareholders and other constituencies. The Corporate Governance Principles are published on the Company's website at www.sovranss.com. A printed copy of the Corporate Governance Principles will be provided to any shareholder upon request to the Company at 6467 Main Street, Williamsville, New York 14221, or by telephone (716) 633-1850.

Code of Ethics and Code of Ethics for Senior Financial Officers. All of the Company's directors and employees, including the Company's Executive Officers, are required to comply with the Company's Code of Ethics to help ensure that the Company's business is conducted in accordance with the highest standards of moral and ethical behavior. The Company also has a Code of Ethics for Senior Financial Officers applicable to the Company's principal executive officer, principal financial officer, principal accounting officer and controller, each of whom is also bound by the provisions set forth in the Code of Ethics relating to ethical conduct, conflicts

of interest and compliance with the law. The Code of Ethics and Code of Ethics for Senior Financial Officers are published on the Company's web site at www.sovranss.com. A printed copy of the Code of Ethics and the Code of Ethics for Senior Financial Officers will be provided to any shareholder upon request to the Company at 6467 Main Street, Williamsville, New York 14221, or by telephone (716) 633-1850.

Policies And Procedures Regarding Related Party Transactions. The Company has established written conflict of interest policies, which are included in the Company's Code of Ethics, to which all directors, Executive Officers and key employees are subject. They are required to disclose to the Company's Chief Compliance Officer (or, in the event such person is a director or Executive Officer, to the Chair of the Audit Committee) in writing each outside relationship, activity and interest that creates a potential conflict of interest, including transactions or arrangements potentially disclosable pursuant to applicable rules of the SEC. All directors, Executive Officers and other key employees are required to disclose in writing each year whether they are personally in compliance with such policy. In addition, each director and Executive Officer is required to complete an annual questionnaire which calls for disclosure of any transactions in which the Company is or is to be a participant, on the one hand, and in which such director or Executive Officer or any member of his family has a direct or indirect material interest, on the other. The Board of Directors is of the opinion that these procedures are sufficient to allow for the review, approval or ratification of any transactions with related persons that would be required to be disclosed under applicable SEC rules.

Complaint Procedure; Communications with Directors. The Sarbanes-Oxley Act of 2002 requires public companies to maintain procedures to receive, retain and respond to complaints received regarding accounting, internal accounting controls or auditing matters and to allow for the confidential and anonymous submission by employees of concerns regarding questionable accounting or auditing matters. The Company currently has such procedures in place. Any employee of the Company may report concerns regarding these matters in the manner specified in the Company's Employee Complaint Procedures for Accounting and Auditing Matters, which is published on the Company's web site at www.sovranss.com. A printed copy of the Company's Employee Complaint Procedures for Accounting and Auditing Matters will be provided to any shareholder upon request to the Company at 6467 Main Street, Williamsville, New York 14221, or by telephone (716) 633-1850.

The Board of Directors has also established a process for shareholders or other interested parties to send communications to the Company's independent directors. Shareholders or other interested parties may communicate with the Board of Directors by calling (716) 633-1850 ext. 6144 or by writing to the Company's Secretary. Communications sent to the Company addressed to the Board of Directors by these methods will be screened by the Secretary for appropriateness before either forwarding or notifying the independent directors of receipt of a communication.

Board Leadership Structure. Robert J. Attea serves as the Company's Chairman of the Board and serves as an executive officer of the Company. He is also one of the founders of the Company and has over 40 years experience in the commercial real estate business. The Company believes that having Mr. Attea serve as both an executive officer and as Chairman demonstrates to the Company's employees and other stakeholders that the Board of Directors is under strong leadership, with a single person setting the tone and having primary responsibility for leading the Board of Directors. The Company believes this unity of leadership eliminates the potential for confusion or duplication of efforts, and provides clear leadership for the Company. In addition, the Board of Directors recognizes that, given Mr. Attea's familiarity with the Company and his long standing experience with the Company, it is valuable to have him lead board discussions.

This board leadership structure is further enhanced by independent director oversight and involvement. The independent directors provide strong independent perspective in strategy development and oversight and actively lead and assist in developing board agendas.

To provide for an additional independent leadership role, the Board of Directors has designated Anthony P. Gammie, as lead independent director. The lead independent director's responsibilities include: presiding at

meetings of the Board of Directors at which the Chairman is not present, including executive sessions of the independent directors; serving as liaison between the Chairman and the independent directors; convening meetings of the independent directors; approving information sent to the Board of Directors, meeting agendas for the Board of Directors and meeting schedules; consulting with the Chairman on matters relating to Board of Director performance and corporate governance; and, if required by major shareholders, ensuring that he is available for consultation and direct communication.

The Company believes its leadership structure is the most effective leadership structure for the Board of Directors at this time. However, the Board of Directors recognizes that no single leadership model is appropriate for a board at all times. Accordingly, the Board of Directors may in the future consider a different leadership structure, including a structure providing for a Chairman of the Board who is not an executive officer of the Company.

The Role of the Board of Directors in the Company's Risk Oversight Process. The Company's Board of Directors is primarily responsible for overseeing the Company's risk management processes and enterprise risk management. Certain areas of this responsibility have been delegated by the Board of Directors to the Audit Committee, the Compensation Committee and Governance Committee, each with respect to the assessment of the Company's risks and risk management in its respective areas of oversight. The Audit Committee oversees risks related to internal controls and procedures, the Compensation Committee oversees risks related to compensation practices and the Governance Committee oversees risks related to conflicts of interest and code of ethics matters. These committees and the full Board of Directors focus on the most significant risks facing the Company and the Company's general risk management strategy, and also ensure that risks undertaken by the Company are consistent with the Board of Directors' objectives. While the Board of Directors oversees the Company's risk management, Company management is responsible for day-to-day risk management processes. The Company believes this division of responsibilities is the most effective approach for addressing the risks facing the Company.

Compensation Risk Assessment. With respect to compensation risk, the Compensation Committee has considered the Company's compensation policies and practices and has concluded that they are not reasonably likely to have a material adverse effect on the Company.

Director Compensation

The Company pays its directors who are not also officers or employees of the Company (an "Outside Director") an annual fee of \$40,000. Also, \$7,500 is paid to each member of the Audit Committee, \$3,000 is paid to each member of the Compensation Committee, and \$2,500 is paid to each member of the Governance Committee. In addition, \$15,000 is paid to the chair of the Audit Committee, \$7,500 is paid to the chair of each of the Compensation and Governance Committees and \$5,000 is paid to the lead independent director. Outside Directors are also paid a meeting fee of \$1,000 for each special meeting of the Board of Directors attended. In addition, the Company will reimburse all directors for reasonable expenses incurred in attending meetings.

Under the Deferred Compensation Plan for Directors, an Outside Director may elect to have all or part of director fees credited to a deferred compensation account in the form of units equivalent to shares of the Company's Common Stock ("Units"). The number of Units credited is equal to the number of shares of Common Stock that could have been purchased using the closing price of Common Stock on the day immediately preceding the date on which the fees were payable. When the Company declares cash dividends on its Common Stock, additional Units are credited to the deferred compensation accounts based on the reinvestment of the dividend on the dividend record dates. Amounts credited to the deferred compensation accounts will be paid to directors in the form of shares of Common Stock, the number of which shares will equal the number of Units credited to the accounts.

Under the 2009 Outside Directors' Stock Option and Award Plan (the "2009 Directors' Plan"), each Outside Director is granted, effective as of the Outside Director's initial election or appointment, an option to acquire

3,500 shares of Common Stock at the fair market value of the Common Stock on the date of grant. In addition, as of the close of each annual shareholders' meeting after initial appointment or election, each Outside Director is granted an option to acquire 2,000 shares of Common Stock at the fair market value of the Common Stock on the date of grant. The initial options for 3,500 shares of Common Stock are exercisable one year from the date of grant subject to continued service; the Outside Directors' options awarded annually thereafter are exercisable immediately. The exercise price is payable in cash or by delivery of shares of Common Stock owned by the Outside Director, or a combination of cash and shares. All options must be exercised within ten years from the date of grant. Two Outside Directors exercised options for 9,835 shares of Common Stock during 2012.

The 2009 Directors' Plan also provides each Outside Director with a grant annually of a number of shares of restricted stock equal to the base annual fee paid to such Outside Director multiplied by 0.8 and divided by the fair market value of a share of Common Stock on the date of grant. Any restricted stock granted vests one year following the date of grant based on continued service.

The table below summarizes the compensation paid by the Company to Outside Directors for the year ended December 31, 2012.

Stock Ownership Guidelines for Directors

The Company has adopted stock ownership guidelines for its Outside Directors which require each of the Company’s Outside Directors to hold shares of Company common stock and deferred compensation units having an aggregate market value equal to three times the base annual fee paid to the Outside Directors. EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

This Compensation Discussion and Analysis describes the material elements of compensation earned by or awarded or paid to each of the Company's Named Executive Officers during 2012.

Compensation Objectives and Philosophy. As a real estate investment and management company, the Company's long-term success depends on its ability to acquire, improve, operate and finance self-storage properties in a manner that will enhance shareholder value, market presence, and operational efficiency. Competitive and marketplace pressures require constant improvements to productivity, innovation in providing customer service, and optimal allocation of capital resources. To achieve these goals, it is critical that the Company be able to attract, motivate, and retain highly talented individuals at all levels of the organization with appropriate skill sets who are committed to the Company's core values of teamwork, accountability, innovation, and integrity. The Company's compensation philosophy is to provide compensation programs that reward its executive officers for improving operating results and profitability and align management's interests with those of shareholders. Compensation is designed to reward achievement of short-term goals and motivate the executive officers and other employees to create long-term shareholder value. The Company's incentive compensation also promotes growth through selective acquisitions and improvements and enhancements to existing properties, obtaining a low cost of funds, and improving operating efficiencies through technical innovation.

The Compensation Committee of the Board of Directors has oversight responsibility in administering the Company's executive compensation programs, determines compensation of the executive officers on an annual basis, and provides guidance over the Company's overall executive compensation programs.

The Compensation Committee historically has approached its determination of the compensation of the three senior Named Executive Officers of the Company, Messrs. Attea, Myszka and Rogers, in the same fashion. The Compensation Committee essentially treats these three officers as a team with complementary skill sets and, despite their different roles, expects them to work as a team to achieve Company objectives. Accordingly, compensation of these three executives has been substantially the same. This approach, in the view of the Compensation Committee, motivates them to work as a team to attain Company goals. The Compensation Committee uses a similar team approach with the three newly appointed executive officers, Messrs. Gregoire, Powell and Killeen. The Company does not plan to time, and has not timed, its release of material non-public information for the purpose of affecting the value of executive compensation.

The Compensation Committee believes the Company's compensation programs provide an effective blend of components necessary to reward the achievement of short-term goals and to create long-term shareholder value. The program includes objective performance metrics based primarily upon funds from operations ("FFO"), one of the key drivers in the real estate investment trust industry, long-term incentives through the use of restricted shares with reasonably long vesting periods or which are performance based, and a subjective element which provides the Compensation Committee with flexibility to meet changing needs and demands. In addition to rewarding current returns, the programs incentivize conservatively achieved long-term growth, emphasizing a strong balance sheet and investment grade credit rating. The Compensation Committee adjusts the compensation policies from time to time to meet the changing conditions as is evidenced by its recent adoption of a new Annual Incentive Compensation Plan and its recent revision of its long-term incentive awards.

Over the last several years, the Company's compensation programs for the Named Executive Officers have been modified to more directly reflect pay for performance. Two-thirds of the potential annual incentive bonus for the Named Executive Officers is based upon targeted FFO per share and comparative FFO, and one-third of such bonus is based upon other performance factors. The bonus is subject to a clawback in certain cases. Also, recent long-term incentive compensation grants were made in a manner that directly links executive payouts with

relative total shareholder return. In the Compensation Committee's judgment, the Company's compensation programs are directly related to the performance by executives.

At the Company's 2012 annual meeting, the Company held a non-binding shareholder advisory vote on executive compensation ("say-on-pay"). The Company's shareholders approved the compensation of the Company's executive officers with approximately 97% of voted shares cast in favor of the say-on-pay resolution. As part of its executive compensation discussions, the Compensation Committee has reviewed the results of the 2012 say-on-pay vote and considered it to be supportive of the Company's compensation practices. In light of such strong shareholder support and recent modifications the Compensation Committee made in compensation programs to directly reflect pay for performance, the Compensation Committee determined that changes in the Company's compensation policies were not necessary in 2012. At the Company's 2011 annual meeting, the Company's shareholders expressed a preference that advisory votes on executive compensation occur every year. Consistent with this preference, the Board of Directors determined to implement an advisory vote on executive compensation every year until the next required vote on the frequency of shareholder votes on the compensation of executive officers.

Components of Executive Compensation. For 2012, the compensation of the Named Executive Officers consisted of the following components used in prior years: (i) base salary; (ii) annual incentive awards for performance, payable in cash, restricted stock, and as otherwise determined by the Compensation Committee; (iii) severance benefits; and (iv) other benefits. In past years, the Company has regularly made long-term incentive compensation awards payable in stock options and/or restricted stock. In 2012, due to changes in membership of the Compensation Committee and the Compensation Committee's continuing review of the overall compensation practices of the Company, long-term incentive compensation awards were not made to the Named Executive Officers.

Following is a discussion of the Compensation Committee's considerations in establishing the components of compensation for the Named Executive Officers for 2012.

Base Salary. Base salary is the guaranteed element of the Named Executive Officers' annual cash compensation. The value of base salary generally reflects the executive's position, actual performance, skill set and the market value of that skill set. A competitive salary structure is the most fundamental component of executive compensation used by the Compensation Committee to assist in attracting and retaining qualified executives.

In setting base salaries, the Compensation Committee has historically considered recommendations of its compensation consultant, Longnecker & Associates, and comparisons to executive officers of public real estate companies with market capitalization and enterprise value similar to that of the Company, such as EastGroup Properties Inc., Lexington Realty Trust, Parkway Properties, Inc., PS Business Parks, Inc., CubeSmart (f/k/a U-Store-It Trust), Extra Space Storage, Inc., and Cousins Properties Inc. The Compensation Committee has used this data to test for reasonableness and competitiveness of base salaries but has not specifically targeted or "benchmarked" a certain level of base salary within such peer group. Each year based upon such advice and the executive officers' performance, the Compensation Committee determines the salaries of the Named Executive Officers.

The table below shows the salaries of each of Messrs. Attea, Myszka and Rogers, the then named executive officers of the Company, from 2006-2011:

<u>Name</u>	<u>Year</u>	<u>Salary</u>
Robert J. Attea	2006	\$379,168
	2007	\$386,632
	2008	\$405,964
	2009	\$419,000
	2010	\$419,000
	2011	\$429,475
Kenneth F. Myszka	2006	\$369,056
	2007	\$376,456
	2008	\$395,279
	2009	\$408,000
	2010	\$408,000
	2011	\$418,200
David L. Rogers	2006	\$369,056
	2007	\$376,456
	2008	\$395,279
	2009	\$408,000
	2010	\$408,000
	2011	\$418,200

Over the six year period from 2006-2011 on an annual basis increases in the salaries for Messrs. Attea, Myszka and Rogers ranged from 0% to 5%, and such increases were generally consistent with increases received by other management employees of the Company, which were determined based upon a number of factors including individual performance, cost of living increments, and competitive market conditions. In 2007, although the Compensation Committee proposed increases in the amount of 5% in the salaries of Messrs. Attea, Myszka and Rogers, such executive officers each elected to receive an increase of approximately 2% in order to enable the Company to provide greater salary increases to other management employees of the Company. Also, in 2010, the Compensation Committee did not award salary increases to Messrs. Attea, Myszka and Rogers given the salary freeze imposed by the Company on management employees of the Company generally as a cost saving measure.

In 2012, the Compensation Committee again provided the Compensation Committee with advice and information based upon the same comparisons as historically provided. Based upon such comparison and the performance of each of Messrs. Attea, Myszka, and Rogers, the Compensation Committee established the base salaries of such executive officers at \$440,000 for 2012. The Compensation Committee equalized the salaries of such executive officers consistent with its philosophy that such officers work as a team and increased such salaries in the aggregate by approximately 4% from 2011. Such increase was consistent with the increases being received by other management employees of the Company, which were determined in the same manner as in previous years. For 2012, the Compensation Committee also established the base salaries for each of the newly appointed Named Executive Officers, Messrs. Gregoire, Powell, and Killeen, at \$225,000.

In 2013, Longnecker & Associates again provided the Compensation Committee with advice and information based upon the same comparisons as historically provided. Based upon such advice and past performance, the Compensation Committee increased the base salaries for each of Messrs. Attea, Myszka and Rogers to \$484,000 and the base salaries for each of Messrs. Gregoire, Powell, and Killeen to \$250,000. In addition to individual performance and other factors, the Compensation Committee determined that such increases were appropriate to make the salaries more competitive with the salaries of the comparative companies.

Annual Incentive Awards. In addition to annual base salary, the Company has generally paid annual bonuses to the Named Executive Officers based upon annual bonus guidelines. These bonus guidelines have been

established in order to align the Named Executive Officers' goals with the Company's sales and earnings growth objectives for the year, and have been modified from time to time by the Compensation Committee, with the assistance of the Compensation Committee's compensation consultant, to best respond to changes in industry conditions. Thus, the Compensation Committee, consistent with historical practices and what it believes are compensation best practices, has regularly reviewed the metrics of the guidelines to ensure the incentive awards are appropriately motivating key employees and rewarding such key employees for Company performance. Based upon this review, the Board of Directors has adopted the Sovran Self Storage, Inc. Annual Incentive Compensation Plan for Executive Officers (the "Plan").

Under the Plan, the Named Executive Officers are entitled to annual bonuses based upon certain performance metrics set by the Compensation Committee. The three performance metrics under the Plan are based upon (i) achieving a percentage growth in "targeted" FFO (the "FFO Award Percentage"); (ii) achieving percentage increases in FFO per share that compare favorably to the growth achieved by publicly traded competitors of the Company (Public Storage, Extra Space Storage, Inc., and CubeSmart) (the "Peer Companies Award Percentage"); and (iii) the participant's overall performance for the year based upon factors determined by the Compensation Committee (the "Performance Award Percentage"). The maximum bonus that can be earned under each of the three components is 60% of salary for an aggregate maximum bonus of 180% of salary.

The Plan embodies performance metrics that the Compensation Committee has found most effective over the years in measuring successful performance and focusing executives on key measures of company performance. Two-thirds of the maximum potential bonus awards are based upon metrics related to FFO per share. FFO is computed in accordance with the National Association of Real Estate Investment Trusts ("NAREIT") guidelines and is used by industry analysts and investors as a supplemental operating performance measure of an equity REIT. FFO excludes historical cost depreciation, among other items, from net income determined in accordance with generally accepted accounting principles, or GAAP. The most comparable GAAP measure is net income (loss). The Compensation Committee believes FFO per share is an extremely important measurement of successful performance and that rewarding FFO per share growth aligns the interests of management and shareholders.

As described below, the bonuses paid to the Named Executive Officers pursuant to the Plan for 2012 equaled 160% of base salary. The performance metrics under the Plan and the awards for 2012 are further described below:

FFO Award Percentage. The first metric pursuant to the Plan allows each Named Executive Officer to earn a bonus of up to 60% of base salary based upon the actual FFO per share for the Company compared to the FFO Target for the Company for the bonus year. The FFO Target for a bonus year is the midpoint of the FFO per share range initially publicly announced by the Company as its earnings guidance for such year. No bonus is earned unless at least 97.5% of the FFO Target is achieved and, in order for the maximum bonus to be earned, 102.5% of the FFO Target must be achieved. The award percentage for each level of FFO per share is as follows:

<u>Company's FFO per Share</u>	<u>Award Percentage</u>
Less than 97.5% of FFO Target	0%
97.5% or more but less than 98.75% of FFO Target	15%
98.75% or more but less than 100% of FFO Target	30%
100% of FFO Target	40%
More than 100% but less than 101.125% of FFO Target	45%
101.125% or more but less than 102.5% of FFO Target	50%
102.5% or more of FFO Target	60%

The Company's actual FFO per share in 2012 as defined in the Plan was \$3.28 or 106.8% of the FFO Target of \$3.07. Accordingly, the Named Executive Officers were paid a bonus of 60% of their base salaries with respect to this metric.

Peer Companies Award Percentage. The second metric pursuant to the Plan allows each Named Executive Officer to earn a bonus of up to 60% of base salary based upon the percentage increase of FFO per share for the Company for the current year over the FFO per share for the Company for the previous year as compared with that of certain publicly-traded competitors (Public Storage, Extra Space Storage Inc., and CubeSmart). Under this metric, if the Company's FFO growth per share does not exceed any of these companies, no bonus is earned; if the Company's FFO growth per share exceeds one of these companies, a bonus of 20% of base salary is earned; if the Company's FFO growth per share exceeds two of these companies, a bonus of 40% of base salary is earned; and if the Company's FFO growth per share exceeds all three of the peer companies, the maximum bonus of 60% of base salary is earned. The Company's FFO growth per share from 2011 to 2012 as defined by the Plan was approximately 19.3% and this percentage exceeded the FFO growth per share of two peer companies. Accordingly, the Named Executive Officers were entitled to receive a bonus of 40% of base salary with respect to this metric.

Performance Award Percentages. The third metric pursuant to the Plan allows each Named Executive Officer to earn a bonus of up to 60% of base salary based upon the Compensation Committee's review of the participant's overall performance for a year based upon factors determined by the Compensation Committee in its discretion. These factors, which are not subject to pre-determined targets or measures, include considerations based upon the participant's performance related to improvements in same store revenues, expenses and net operating income, results of expansions and enhancements, marketing innovations, monitoring and improving enterprise risk management and legal compliance programs, the use of funds from property dispositions, maintenance of cost control programs, financing growth including joint venture initiatives and improvements to short and long-term debt structures, succession planning, results related to acquisition and disposition of properties and such other matters as the Compensation Committee deems appropriate. For 2012, the Compensation Committee awarded a bonus of 60% of base salary under this metric to the Named Executive Officers. This award was based on a number of factors and accomplishments, including the Company's total shareholder return for 2012, the significant increase in same store sales and net operating income, the success at completing enhancements at existing stores, the success of the Company's "at the market" offering, the acquisition of \$189.1 million of storage facilities for the Company's account, the acquisition of \$29.0 million of storage facilities for the account of the Company's joint venture, and the sale of 17 stores in non-core markets for \$47.7 million.

Form of Payment. The Plan provides that bonuses shall be paid in such form as determined by the Compensation Committee. For 2012, the Compensation Committee determined that the annual bonus earned by the Named Executive Officers was to be paid entirely in cash. Thus, Messrs. Attea, Myszka, Rogers, Gregoire, Powell, and Killeen received cash bonuses of \$704,000, \$704,000, \$704,000, \$360,000, \$360,000 and \$360,000, respectively.

"Clawback". The Plan provides that bonuses, to the extent resulting from restated financial statements of the Company due a recipient's misconduct shall, as the Compensation Committee deems appropriate, be returned to the Company. Similarly, the Compensation Committee may make adjustments in bonuses to the extent they were affected by misstatements in the audited financial statements of other companies.

Long-Term Incentive Awards. As set forth above, the Compensation Committee did not make any long-term incentive awards to the Named Executive Officers in 2012. The Compensation Committee, with the assistance of Longnecker & Associates, is in the process of reviewing the long-term incentive compensation awards for 2013 and expects to make awards in the next few months. Such grants are expected to directly link executive payouts with total shareholder return and in making such awards the Compensation Committee expects to take into account that grants were not made in 2012. It is expected that any long-term incentive awards will, as with recent awards, continue to align payouts with Company performance and consist of a blend of long-term incentive restricted stock grants, and performance-based vesting restricted stock awards vesting based upon the Company's relative total shareholder return over a period of time as compared to a defined peer group.

Severance Benefits. Each of the Named Executive Officers is a party to an employment agreement with severance benefits. A description of the terms of the agreements can be found under the heading "Employment

Agreements” beginning on page 27 of this Proxy Statement. In entering into these agreements, the Compensation Committee desired to assure that the Company would have the continued dedication of the Named Executive Officers, notwithstanding the possibility of a change in control, and to retain such Named Executive Officers in our employ. The Compensation Committee believes that, should the possibility of a change in control arise, the Company should be able to receive and rely upon the Named Executive Officers’ advice as to the best interests of our Company and without the concern that such Named Executive Officer might be distracted by the personal uncertainties and risks created by a potential change in control. The actual benefits and payments to be made to the Named Executive Officers, as set forth in the employment agreements, were determined based on the Compensation Committee’s business judgment, advice received by the Compensation Committee from its compensation consultant and negotiations with each officer at the time of entering into the agreements.

Other Benefits. The Named Executive Officers also receive benefits offered to all full time employees of the Company, including medical insurance coverage, disability insurance, life insurance and matching contributions to the Company’s 401(k) Plan. Under the terms of the applicable welfare benefit plans, the cost of these employee benefits is partially borne by the employee, including each Named Executive Officer. These plans are nondiscriminatory except that Messrs. Attea, Myszka, and Rogers may be reimbursed for medical expenditures not covered by the Company’s standard plan. In 2012, Messrs. Attea and Myszka received reimbursements of \$1,351 and \$3,867, respectively. The benefits paid to the Named Executive Officers in 2012 are included in the Summary Compensation Table below.

Perquisites. In addition, Messrs. Attea, Myszka, and Rogers each receive \$15,600 per year to be applied to automobile allowance, club memberships and miscellaneous expenses. These relatively inexpensive components of executive compensation are primarily viewed as necessary to keep compensation levels competitive and to assist in attracting and retaining qualified executives. The dollar value of perquisites is not significant relative to the other components of executive compensation. These amounts are included in the Summary Compensation Table below.

Tax Deductibility of Compensation. Section 162(m) of the Internal Revenue Code limits to \$1 million a publicly held corporation’s tax deduction each year for compensation to any “covered employee”, except for certain qualifying “performance-based compensation”. Because the Company qualifies as a REIT under the Internal Revenue Code, it is not subject to Federal income taxes. Thus the payment of compensation that does not satisfy the requirements of Section 162(m) does not have a material adverse consequence to the Company, provided the Company continues to qualify as a REIT. A larger portion of shareholder distributions may be subject to Federal income tax as dividend income, rather than a return of capital, and any such compensation allocated to the Company’s taxable REIT subsidiaries whose income is subject to Federal income tax would result in an increase in income taxes due to the inability to deduct such compensation. Although the Company will be mindful of the limits imposed by Section 162(m), the Company nevertheless reserves the right to structure the compensation packages and awards in a manner that may exceed the limitation on deduction imposed by Section 162(m).

Stock Ownership Guidelines. The Company has established share ownership guidelines for the Company’s Named Executive Officers since the Company believes that such officers should maintain a material personal financial stake in the Company to promote strong alignment between the interests of management and shareholders. Under these guidelines, each Named Executive Officer is expected to acquire and maintain ownership in Company common shares having a market value equal to three times annual base salary. Each Named Executive Officer, other than Mr. Killeen, has met these guidelines. Newly appointed Named Executive Officers have five years to meet these guidelines and, thus, Mr. Killeen has four years remaining to meet these guidelines.

Compensation Consultant Independence. The Company has determined that no conflicts of interest exist between the Company and its compensation consultant, Longnecker & Associates (or any individuals working on the Company’s account on Longnecker & Associates behalf), and Longnecker & Associates was deemed an independent advisor on matters of executive compensation pursuant to Item 407(e)(3)(iv) of Regulation S-K.

The value of the performance-based restricted shares issued in 2011 to each of Messrs. The value of the performance-based restricted shares is dependent on the Company’s performance over a three-year period.

Employment Agreements

In 1999, the Company entered into employment agreements with Messrs. Attea, Myszka, Rogers, Gregoire, Powell, and Killeen. These agreements were amended and restated effective January 1, 2009. Each employment agreement has an indefinite term but can be terminated by the Company (a) in the event of the executive's disability, (b) for "cause," or (c) upon 30 days prior written notice to the executive. Each executive may terminate his employment agreement (a) for "good reason," or (b) by providing 60 days prior written notice to the Company (30 days written notice for Messrs. Gregoire, Powell, and Killeen). Each employment agreement may also be terminated by agreement of the Company and the executive. Each employment agreement prohibits the executive, during employment and during the one-year period following termination of employment, from engaging in the self-storage business as an employee, consultant or owner.

Employment Agreements of Messrs. Attea, Myszka and Rogers.

The employment agreements of Messrs. Attea, Myszka, and Rogers each provide for severance payments in the event the executive's employment is terminated by the Company without "cause" or he resigns for "good reason." Such severance payments would be made in 36 monthly payments following the termination of the executive's employment, and each monthly payment would be an amount equal to one-twelfth of the sum of the highest (i) base salary earned by such executive during any calendar year, (ii) bonus and other incentive compensation earned by such executive during any calendar year, and (iii) value of any restricted stock awards during any calendar year to such executive. The first six monthly payments will be made in a single sum to the executive within 30 days following his separation from service. The remaining 30 payments will be made over a 30 month period beginning seven months after the separation from service. No severance benefits are payable if the executive's employment is terminated for "cause" or if the executive retires or voluntarily terminates his employment without "good reason." The employment agreements also provide that certain employee welfare benefits shall be continued for a period of 36 months after termination of employment in the event the executive's employment is terminated by the Company without "cause" or the executive resigns for "good reason".

In addition, if the Company undergoes a "change in control" while severance is being paid to Messrs. Attea, Myszka, and Rogers, the remaining severance payment would be transferred to a rabbi trust and monthly payments would continue to be made from that trust unless the "change in control" also qualifies as a "change in the ownership or effective control of the corporation, or in the ownership of a substantial portion of the assets of the corporation" within the meaning of Section 409A of the Internal Revenue Code, in which case the remaining severance payment would be paid to the executive in a lump sum within 30 days after the "change in control" occurs. Similarly, if the executive is terminated within 2 years following a "change in control" of the Company, the severance payments would be transferred to a rabbi trust and monthly payments would be made from that trust unless the "change in control" qualifies under Section 409A of the Code, in which case the severance

payments would be paid to the executive in a lump sum within 30 days of his termination of employment. Each employment agreement provides that the severance payments to the executive will be “grossed up” if such severance payments are determined to be subject to the excise tax imposed by Section 4999 of the Internal Revenue Code to hold the executive harmless against the impact, if any, of such excise tax. In addition, the Company must reimburse the executive for his legal fees in connection with any good faith claim for severance payments under the employment agreement. Each employment agreement provides that the severance payments will not be offset or mitigated by any income from another source during the severance period.

The employment agreements for Messrs. Attea, Myszka, and Rogers also provide for payments in the event of termination by reason of the executive’s death or disability during the term of his employment agreement. The payments will be in an amount equal to two times the executive’s then effective per annum rate of salary plus a pro rata portion of the incentive compensation for the calendar year in which the death or disability occurs. In the event of death, such payments will be paid in eight quarterly installments following the date of the executive’s death. In the case of the executive’s disability, such payments will be made in 24 monthly installments, with the first 6 installments paid in a lump sum within 30 days following the executive’s separation from service, and the remaining 18 installments made over 18 months beginning with the seventh month after the executive’s separation from service. The disability payments to the executive would be reduced by any amounts paid to the executive in connection with the Company’s disability insurance contracts.

The employment agreements for Messrs. Attea, Myszka, and Rogers also provide that in the event of termination without “cause”, for “good reason” or death or disability or in the event of a “change in control”, all unvested shares of restricted stock or stock options shall vest.

For purposes of the employment agreements described above, the terms have the meanings set forth below:

“*change in control*” generally includes:

- (i) the acquisition by any person of 20% or more of the outstanding stock of the Company;
- (ii) approval by the shareholders of the Company of a consolidation, merger or other business combination involving the Company in which the Company is not the surviving entity, other than a transaction in which the holders of the Company’s Common Stock immediately prior to the transaction have substantially the same proportionate ownership of Common Stock of the surviving corporation after the transaction;
- (iii) approval by the shareholders of the Company of any consolidation, merger or other business combination in which the Company is the continuing or surviving corporation but in which the common shareholders of the Company immediately prior to the transaction do not own at least a majority of the outstanding Common Stock of the continuing or surviving corporation;
- (iv) approval by the shareholders of the Company of any sale, lease or exchange of substantially all of the assets of the Company and its subsidiaries;
- (v) a change in the majority of the members of the Board of Directors within a 24-month period, unless the election or nomination for election by the Company’s shareholders of each new director was approved by the vote of 2/3 of the directors then still in office who were in office at the beginning of the 24-month period; or
- (vi) more than 50% of the assets of the Company and its subsidiaries are sold, transferred or otherwise disposed of, other than in the usual and ordinary course of its business.

“*cause*” generally means a material breach of the executive’s duties under his employment agreement, or the fraudulent, illegal or other gross misconduct which is materially damaging or detrimental to the Company.

“*good reason*” generally means:

- (i) a material change in the executive’s duties and responsibilities or a change in his title or position without his consent;

- (ii) there arises a requirement that the services required to be performed by the executive would necessitate the executive to move his residence at least 50 miles from the Buffalo, NY area;
- (iii) a material reduction by the Company in the executive's compensation or benefits;
- (iv) a material breach of the employment agreement by the Company;
- (v) in the case of Messrs. Attea and Myszka, the failure of the executive to be elected a director at any annual shareholders meeting; or
- (vi) the failure of any successor to the Company to specifically assume responsibility for the employment agreement.

Potential Payments and Benefits upon Death or Disability or upon Termination of Employment With No Change in Control of the Company. The tables below reflect the amount of compensation to each of Messrs. Attea, Myszka, and Rogers in the event of termination of such executive's employment described below. The amounts shown assume that such termination was effective as of December 31, 2012 and uses the closing market price of the Company stock on such date, and thus includes amounts earned through such time and are estimates of the amounts that would be paid to such executives upon their termination. The actual amounts to be paid can only be determined at the time of such executive's separation from the Company.

The first column of each table below sets forth the payments to which the executive would be entitled, other than accrued but unpaid base salary and any benefits payable or provided under broad-based employee benefit plans and programs, in the event of a termination of the executive's employment for any reason other than for "cause" by the Company or by the executive without "good reason," and assuming such termination occurred prior to, or did not otherwise arise in connection with, a "change in control" of the Company. The second column of each table reflects payments that would be due in the event of the executive's termination of employment due to death or disability prior to a change in control of the Company. No benefits are paid, other than earned but unpaid compensation, upon a termination of employment by the Company for "cause" or for termination by the executive upon retirement or without "good reason."

Cash severance for Messrs. Attea, Myszka, and Rogers is paid in 36 monthly payments following the termination of the executive’s employment, with the first six monthly payments being made in a single sum to the executive within 30 days following his separation from service and the remaining 30 payments made over a 30 month period beginning seven months after the separation from service. However, if a “change of control” occurs while the Company is making severance payments or if the executive is terminated within 2 years following a “change in control” of the Company, and if such “change in control” also qualifies as a “change in the ownership or effective control of the corporation, or in the ownership of a substantial portion of the assets of the corporation” within the meaning of Section 409A of the Internal Revenue Code, then the payments/remaining payments will be made in a single sum within 30 days following the “change in control” or separation from service. If the “change in control” does not so qualify under Section 409A, then the payments/remaining payments would be transferred to a rabbi trust and payments made from the trust. Cash severance on account of death will be paid in eight quarterly installments. Cash severance on account of disability will be paid in 24 monthly installments with the first 6 months of severance paid in a single sum within 30 days following separation from service and the remaining payments made in 18 monthly installments beginning with the seventh month after the executive’s separation from service. Accelerated equity awards are paid upon the termination of employment, death or disability of the executive.

Employment Agreements of Messrs. Gregoire, Powell and Killeen.

Potential Payments and Benefits Following, or in Connection With a Change In Control of the Company.
 The employment agreements of Messrs. Gregoire, Powell, and Killeen each provide that upon a termination of the employment of such executive without “cause” or a termination by such executive for “good reason” within twenty -four (24) months following a “change in control” qualifying under Section 409A of the Internal Revenue Code, such executive is entitled to a severance. The amount of the severance payable to Messrs. Gregoire, Powell, and Killeen in a lump sum is equal to two and one-half times the salary and bonus paid to these individuals in the prior calendar year. In addition, health insurance benefits would be continued for 30 months after the date of termination.

Upon a termination of the employment of Messrs. Gregoire, Powell, or Killeen following such a “change in control,” such executive is entitled to receive the following benefits:

Andrew J. Gregoire(1)	
Cash Severance	\$1,462,500
Acceleration of Equity Awards	583,756
Continued Employee Welfare Benefits	33,450

Cash Severance	\$1,462,500
Acceleration of Equity Awards	582,017
Continued Employee Welfare Benefits	13,380
Total	<u>\$2,057,897</u>

- (1) The amounts set forth in the table are estimates based upon the salary and bonus paid to each executive for 2012. Equity awards are valued based upon the closing market price of the Company common stock as of December 31, 2012. The actual amounts to be paid can only be determined at the time of such executive’s separation from the Company. The amount of any severance payable to the executive shall be reduced to the extent necessary to avoid imposition of any tax on excess parachute payments under Section 4999 of the Code.

The employment agreements of Messrs. Gregoire, Powell, and Killeen also provide for severance payments in the event the executive is terminated without “cause” or a termination by such executive for “good reason” prior to a qualifying “change of control”. In such event, the Company will pay such employee severance benefits based upon the Company’s severance policy then in effect for all employees.

PROPOSAL 3. PROPOSAL TO APPROVE THE COMPENSATION OF THE COMPANY'S EXECUTIVE OFFICERS

In accordance with the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the "Dodd-Frank Act"), we are asking our shareholders to vote to approve, on an advisory (non-binding) basis, the compensation of the Company's Named Executive Officers as described in detail in the "Compensation Discussion and Analysis" and the accompanying tables in the Executive Compensation section beginning on page 17. This vote is commonly known as "say-on-pay." The Company is currently conducting "say-on-pay" votes every year and expects to hold the next "say-on-pay" vote in connection with its 2014 Annual Meeting of Shareholders. Shareholders should review the Compensation Discussion and Analysis section of this proxy for the details of the Company's executive compensation program.

As described in greater detail in the Compensation Discussion and Analysis section, we seek to closely align the interests of our Named Executive Officers with the interests of our shareholders. Our compensation programs are designed to reward our Named Executive Officers for the achievement of short-term goals and the achievement of increased total shareholder return, while at the same time avoiding the encouragement of unnecessary or excessive risk-taking. A substantial part of our compensation for Named Executive Officers is performance based and the Company has used performance-based vesting restricted stock as part of the long-term incentive program.

In order to promote the short and long-term interest of our shareholders, the Company's compensation programs have evolved as necessary over the years. During the last several years, the Compensation Committee has initiated a number of changes to better align management and shareholder interests. Recent Compensation Committee actions include the following:

- In 2010, the Company adopted a performance based Annual Incentive Compensation Plan for Executive Officers. This Plan for annual incentive awards is two-thirds based upon objective metrics that relate to "targeted" FFO and annual FFO growth relative to publicly-traded competitors of the Company. One-third of the potential annual bonus award is subject to the Compensation Committee's evaluation of a number of other metrics which can be changed by the Compensation Committee as it deems appropriate to promote specific goals. The Plan also provides that bonuses shall be returned, as the Compensation Committee deems appropriate, to the extent resulting from restated financial statements of the Company due a recipient's misconduct, and that the Compensation Committee may make adjustments in bonuses to the extent they were affected by misstatements in the audited financial statements of other companies.
- In 2011, the Compensation Committee revised long-term incentive awards in a manner to provide a direct linkage between payouts to executive officers and total return to shareholders. A portion of such awards were made in the form of performance-based vesting restricted stock which vest based upon the Company's relative total shareholder return compared to certain peer companies.
- Formal minimum share ownership requirements were adopted in 2011 for Named Executive Officers and members of the Board of Directors of the Company. While the Named Executive Officers and Board members have substantial holdings, this requirement reflects the Compensation Committee's commitment to insure alignment of management and shareholder interests.

We believe that the information provided in this Proxy Statement demonstrates that the Company's executive compensation program is designed appropriately to attract and retain talented executives and to align the executives' interests with shareholders' interests. Accordingly, the Board of Directors recommends that shareholders approve the compensation of the Company's Named Executive Officers by approving the following say-on-pay resolution:

RESOLVED, that the shareholders of Sovran Self Storage, Inc. approve, on an advisory basis, the compensation of the executive officers identified in the "Summary Compensation Table," as disclosed in the Sovran Self Storage, Inc. 2013 Proxy Statement pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, the compensation tables and the accompanying footnotes and narratives.

Say-on-pay votes under the Dodd-Frank Act are advisory. Although the results of the say-on-pay vote do not bind the Company, the Board of Directors will review the results very carefully. The Board of Directors views the vote as providing important information regarding investor sentiment about the Company's executive compensation philosophy, policies and practice.

The affirmative vote of a majority of the votes cast is required for approval of the advisory resolution above. For purposes of the vote on this proposal, abstentions and broker non-votes will not be counted as votes cast and will have no effect on the result of the vote, although they will be considered present for the purpose of determining the presence of a quorum.

**THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THE PROPOSAL TO APPROVE
THE COMPENSATION OF THE COMPANY'S EXECUTIVE OFFICERS.**
